BONDI DOESN'T NEED A WOOLIES OR COLES

Woolworths and Coles have Bondi in their headlights and unless we act now our beach-side village will soon be just another shopping destination. That means countless early morning deliveries by semi-trailers, a late night discount liquor barn, even less parking, increased traffic and pollution. But that's not the really awful part!

The fact is when the big mega-marts come to town they slash prices below cost to ensure the little guys become roadkill. Our streets will

soon be gutted of the local fruit-shops, milk bars and bakeries that make Bondi what it is.

But it's not too late! Demand your local Councillors reject the 24-hour supermarket and liquor store and call on them to support local businesses and to protect Bondi Beach's unique lifestyle.

Let's tell Coles & Woolies to TRUCK OFF and leave Bondi alone!
